SUMMARY

I'm a full-stack, front-end leaning web developer with a Masters in Teaching. I am experienced with HTML, CSS, JavaScript, MEAN stack (MongoDB, Express, Angular.js, Node.js), SQL, Ruby on Rails, Marketo, C#, and more. When I'm not coding, I'm producing music, traveling, and spending time with my dog and wife.

SKILLS

LANGUAGES: JavaScript, HTML, CSS, Ruby, Python, C#

FRAMEWORKS & LIBRARIES: AngularJS, Rails, Express.js, Node.js, Bootstrap, jQuery, ReactJS, MeteorJS
